

BLOOD BORNE PATHOGEN COURSES LIST

Check the website from time to time to see if there are any other acceptable BBP courses that are OK'd by the Florida Board of Health. We advise all booth workers to get their BBP certification before the New Year. Don't wait till the last minute. Remember – you cannot tattoo at this convention if you do not have a BBP course certification that has been approved by the Florida Board of Health – their rules not ours – if you don't have an approved one you cannot tattoo and there is nothing we can do to change that.

This page should tell you everything you need to know, including how to pay for this course.

There are verification questions inside the class (not test) that pertain to the pay pal information given at time of purchase. The name on the payment needs to match the name that goes on the certificate. If another person pays (example: using shop credit card) the user will need to send Cathy a copy of their government issued photo ID! If you need the certificate for your state just tell her that in the comment box at the end of the class and she will send you one for Florida and one of her Original BBP Certificate for your state.

The total price is \$35.00 for an email certificate and \$39.00 for one sent through the Post Office.

The class and test is 3 hours long and no one fails. If you answer a question wrong, the questions they miss will pop up again for them to answer correctly. Cathy's online course has been certified for Florida from Jan. 2014 on up. Cathy is also a member of the NTA and is available by phone 619 303 5893 or by email:

cathy@cathymontie.com if you have any questions.

APT LONG (6 HOUR) COURSE

If you took the LONG (not their short version) of APT's BBP course from Jan 2009 on up. That course is acceptable by Florida too.
